"Standard of Excellence"

Foreword

As we reflect upon the prior year, it is with poignant sadness that we remember Sergeant Jason Goodding. Sergeant Jason Goodding, a thirteen-year veteran of the Seaside Police Department, was killed in the line of duty on February 6th, 2016. This Annual Report is dedicated in his memory and may we, in the course of our duties, honor with steadfast resolve, his sacrifice and that of the other 139 law enforcement officers who died in the line of duty in 2016. May you rest in peace.

Message From the Chief

On behalf of the men and women of the Baker City Police Department, I want to welcome you to our 2016 Annual Report.

The fifteen men and three women, who make up our paid staff, are dedicated professionals who are honored to serve our great community. We hope that you find this report informative and that it will give you an insight into the service we have provided to our community this past year.

The Baker City Police Department (BCPD) is the only law enforcement agency within

the 3088 square miles of Baker County to have 24 hour per day staffing, every day of the year. Our primary commitment to our community is to have patrol staff available to respond to the needs of our citizens at any time of the day or night.

This past year, we dedicated considerable overtime hours to narcotics enforcement. We saw our Reserve Program continue to save our community thousands of dollars while providing a high level of service and we saw our Citizen on Patrol Program continue to serve department and our community in many ways. Our enhanced efforts to improve

livability through code enforcement efforts have proven to be challenging, but rewarding on many occasions. Our code enforcement officer is easily the busiest employee working for the citizens of Baker City.

This coming year, two of our top goals will be to continue focusing strong efforts on drug-related crimes and to continue addressing the various livability issues with code enforcement. We have been grateful of our supportive community throughout 2016 and are hopeful that 2017 will be another great year for our department and the community we serve.

Personnel –The Men and

In 2016, the Baker City Police Department had three staffing changes, as one officer retired and two others were hired.

Detective Sharon Bass retired after twenty-five years in law enforcement, thirteen of which was spent serving the citizens of Baker City. Detective Bass was an extremely dependable, hardworking officer who had a knack for seeming to know every criminal in town and knowing what they were doing. She will be missed.

In April of 2016, we hired Officer Jonathan Stanley, who had spent the previous six years working for the City of Nampa Public Works. Officer Stanley came highly recommended, especially by his mother who had retired from law enforcement after a lengthy career.

Dustin Newman at the FBI Academy in Quantico, VA where he attended an intensive 10-week leadership training; Detective Sharon Bass during her retirement party celebrating over 25 years in law enforcement; Lt. Newman and Chief Lohner assisting a local resident with snow removal; and Officer Chris Sells during graduation from the Academy this past spring.)

Women Who Serve

In July of 2016, we hired Officer Ben Wray. Officer Wray came to our department with seventeen years of law enforcement experience, most of which was serving in Gresham, Oregon. Officer Wray has proven to be a valuable asset to our department and community.

This past year, Sergeant Wayne Chastain became the handler for our Drug Detection Canine "Capa". They have proven to be an effective team that is just getting started in their efforts to combat illegal drugs in our community.

Reserve Program –The Men and

The Baker City Police Department Reserve Officer program is pleased to provide this summary of its activities during 2016. The Department’s long-term goal of having ten Reserve Officers was achieved during 2016, although for only a brief period of time. Shortly after graduation of the 2016 session of the Eastern Oregon Regional Reserve Academy, BCPD Reserve Cody Kirby accepted employment out of state.

The remaining nine Reserve Officers are comprised of one Reserve Commander, Jerry Boyd; one Reserve Level III Officer, Daniel Batchelor; and seven Reserve Level II Officers, Ruthie Boyd, Justin Phlaum, Tina Aldrich, Zach

Thatcher, Mark Powell, Jacob Hobbs and Dan Koopman. Daniel Batchelor achieved Level III (sole patrol) status this year and is the first BCPD Reserve without prior full-time law enforcement experience to accomplish this goal.

The Reserve Program dedicated **2,603.5** hours of service to the Department and the community during 2016. That is an average of **289+** hours per Officer and exceeds the minimum 144 hours per year per Reserve required per policy. The total of 2,603.5 hours represents a dollar value of \$65,075, if calculated using the median hourly salary for a full-time officer. That figure is based on the hourly salary of entry-level, full-time officer,

not including fringe benefits. The total value of the volunteer service equates to 1.25 full-time officer positions.

Our Reserve Officers meet all mandatory department training requirements including firearms. Our firearms training is provided by Reserve Officer Batchelor who is a DPSST Certified Range Master. This relieves the burden on sworn personnel in conducting Reserve firearms training.

Some of the activities Reserve Officers participated in during 2016 include:

- * Ride-along patrol assistance with sworn officers.
- * Bicycle and foot patrol in and around the downtown area and Leo Adler Parkway.

(Pictured above, left to right): Reserve Commander Jerry Boyd, Reserve Officer Thatcher and Reserve Officer Batchelor during Hells Canyon Motorcycle Rally.

Citizens On Patrol (COPs)

The COPs (Citizens on Patrol) program features volunteers from various walks of life who assist the Department in a variety of ways.

This past year, their biggest accomplishment was to remodel a defunct outbuilding located in the Geiser-Pollman park so that it could, once again, be put to use during the warmer summer months and during community events. The COPs were successful in opening up the building for various events where they greeted community members with stickers, coloring books, color crayons, junior police badges, and safety and COP program information. With the goal of having more of a presence in the park, the COPs hope to continue this program next year.

Other events and activities assisted with included:

- * Assisted with stuffing and delivering Easter Eggs for the Annual Easter Egg hunt.
- * Patrolled the Geiser Pollmon Park during the annual Easter Egg Hunt, Miner's Jubilee and participated in National Night Out.
- * Served lunches at two elementary schools.
- * Patrolled Main Street during the Downtown Halloween Trick-or-treat event.
- * Participated in the Christmas Twilight Parade with the COP car as an entry.

The Men and

- * Provided front counter assistance as needed and during absences of regular administrative staff.
- * Assisted in the evidence room, cataloging and sorting items.
- * Performed elder in-home checks as assigned.
- * Assisted with the planning and organizing of the BCPD K9 Drug Prevention Fundraiser.

In addition to manning the 'COP' building in the Geiser-Pollman park this summer, the COPs plan to move forward with the Emergency Preparedness plan of developing 'zones' and community policing efforts throughout the city. More volunteers are needed and recruitment is ongoing.

The COPs look forward to serving the community in whatever capacity they are assigned.

Marc Mansholt and Jim White serve lunch at S. Baker Intermediate School. Marlene Johnson and Edie Richerson man the COP building located at the Geiser-Pollman park while Dick Pedersen performs foot patrol in and around the park.

Women Who Serve

At the end of 2016, the NEO Regional SWAT Team is staffed by 34 operational members. Membership is comprised of personnel from four law enforcement agencies, two fire departments and one dispatch center. The participating agencies are the Baker City Police Department, Baker County Sheriff's Office, La Grande Police Department, Union County Sheriff's Office, Baker City Fire Department, La Grande Fire Department and Baker County Consolidated Dispatch.

There are four individual elements within the team structure: Tactical, TEMS (Tactical Emergency Medical Services, CNT (Crisis Negotiations Team) and Support.

The four elements collectively make up the SWAT Team. The Baker City Police Department is represented by three members, two that serve as tactical and one that serves as a member of the CNT team.

During 2016, the NEO Regional SWAT team was activated on one occasion: Thursday, June 2, 2016 – Suicidal Barricaded Gunman (2010 Grove Street, Baker City, Oregon). The Baker City Police Department responded to a call where a 44-year male, on felony parole, had approached an address where he was known to the resident and subsequently barricaded himself in the basement of the home. The subject was known to be armed with two firearms

Northeast Oregon SWAT

and had stated he would shot anyone coming down the stairs. The resident had fled the house shortly after the subject made contact at the home.

After a standoff lasting several hours, the situation was resolved with the deployment of tear gas into the basement. The subject was taken into custody without incident.

NEO Regional SWAT has been operational for 4.5 years and has been successful in terms of operational readiness, development and safety. The men and women, from their collective agencies, continue to be the team's most valuable asset. These members represent a collection of the most capable and experienced public safety employees from Baker and Union Counties.

During the June 2nd standoff, Chief Lohner and Lieutenant Dustin are pictured assisting with staging for the incident involving a barricaded subject at 2010 Grove St. NEO SWAT team was called out to assist with resolution of the incident which ended peacefully.

Training –What

Receiving quality, updated training is an extremely important facet of providing a competent law enforcement agency to the community they serve. Laws, and especially the interpretations

of these laws, routinely change as technology, weaponry and various threats evolve in our society. In addition, police are required to complete certain amounts and types of training just to receive and maintain their certifications. These facts combine to make training one of the most critical needs we have.

The mission of code enforcement is to promote community awareness and facilitate voluntary

PROPERTY MAINTENANCE

Crime prevention specialist know that property neglect sends a negative message which perpetuates further decay, lowers property values, and attracts the criminal element.

Intervention through partnerships within the community, local law enforcement and fire safety officers, are a golden opportunity to build long-term relationships while educating residents, ensuring property code compliance, and helping individuals in need of assistance. We feel this is especially true today and this is reflected in our vision for code enforcement which is to optimize all available resources in order to foster positive relationships with Baker City's community residents and local businesses.

Some notable cases opened in 2016:

- * 43 Property Maintenance cases with 40 cases resolves, including 21 citations issued for Nuisances Affecting the Public and one property abated through court order (pictured to the right).
- * One Unsafe Building case -the result of investigation into an active meth lab, that following testing found some of the highest levels of contaminates the state-contracted vendor/examiner had ever seen.

Investigations

The community of Baker City is fortunate to harbor a very safe environment, free from many of the daily acts of violence that occur in larger communities and even in many smaller communities throughout our state and nation. However, that does not mean that we are completely void of violent acts, drug abuse or complicated fraud crimes.

Although our department is structured to have two investigators working as detectives, typically one of them is covering a patrol shift. That leaves one detective to handle the more serious cases and to conduct follow-up investigations on the more complex cases originally assigned to patrol officers.

Our investigative efforts into drug related crimes are primarily addressed using officers on overtime shifts. This past year we continued to use various methods to seize narcotics, vehicles and cash, while sending numerous people to jail for drug-related offenses. Our staff is regularly challenged to develop new avenues of targeting these offenders.

Our one full-time detective is an active member of the Baker

County Major Crime Team, which is called upon to investigate most major felonies and other cases that require significant manpower throughout Baker County. Along with our detective, this team is comprised of members of the Oregon State police and the Baker County Sheriff's Office. In addition to our detective, Patrol Officer Shannon Regan has also been added to the team, due to her initiative to seek additional training and her ability to excel with complicated investigations.

A few of the more notable cases from 2016 include.

- * A Baker City man was stopped for a traffic violation and Canine Capa alerted on his vehicle. Subsequent to the investigation, drugs, a gun and the vehicle were seized. That man's 2015 Dodge Challenger was forfeited to the Baker City Police Department and is now being driven by our School Resource Officer.
- * A Baker City couple was arrested for Robbery I, after they stole clothes from a citizen while threatening that citizen with a knife.
- * A Baker City man was arrested and eventually sent to prison for numerous drug-related charges,

weapon charges and theft charges, subsequent to a search warrant that was served at his residence.

- * A Baker City man was arrested for multiple weapons-related charges, following a twelve hour stand-off with police. The Northeast Oregon Regional SWAT team negotiated the peaceful surrender of this man who claimed he wanted to die.
- * A Baker City man was arrested and sentenced to fourteen years in prison after it was learned he had sexually abused his granddaughter while she was between nine and twelve years of age.
- * A Baker City woman was arrested for drug-related charges, following a lengthy investigation that included dozens of emails from concerned citizens.
- * A Baker City woman was arrested for Manslaughter and Criminally Negligent Homicide, subsequent to an investigation where the woman's child died during a co-sleeping incident.

Statistics

Crime rates for the most part are cyclical and will vary based on numerous factors which relate to demographic and economic factors, but also, the criminal justice systems as a whole. Any breakdown in this system can have a startling impact on the types of crimes a particular community might encounter. An additional factor in small communities with low crime rates, such as Baker City, is "spree crimes." One individual or group, participating in a criminal spree such as multiple burglaries committed in private homes or businesses, can greatly affect the statistics.

This year there has been a dramatic increase on Minor's in Possession of Marijuana, which is a direct result of the legalization of Marijuana in Oregon. Fortunately, our community does not have dispensaries, which would most likely makes those numbers climb even higher.

For further details of these cases and others, please see the itemized statistical list of incidents our officers have addressed this past year.

Notable statistics for 2016 reflect the following increases and/or decreases when compared with 2015:

- * Overall arrests reflected a small increase, approximately **7.6%** during the past year. Arrests made for cases involving certain property crimes saw a sharp increase over 2015. Arrests involving Theft I totaled **4** when compared with **15** arrests in 2016, **representing 1% of total arrests for 2016**. A charge of Burglary I accounted for **3** arrests in 2015, compared to arrests for the same charge totaling **8** arrests, a **62.5%** increase.
- * **33% decrease** in overall citations were issued in 2016 with certain non-traffic related offenses seeing a significant increase. Citations issued for Minor in Possession (MIP) of Marijuana, **9** in 2015, realized a steady climb in 2016 with **17**, a **47% increase**. MIP of Alcohol offenses saw a decrease of **30%** during the same timeframe.
- * The total number of *Incidents Served* reflected a **4.2% increase** from **10567** in 2015 to **11018** in 2016.
