| <input type="checkbox"/> Overcrowding – Too Close to Other Trees | |

*Please note: Trees that drip sap and/or drop messy fruit or bothersome sticks are not considered to be a major concern.

Detailed Description of Concern: _____

Baker City Ordinance No. 3298 Section 94.11 states:

“Every owner of any tree overhanging any street or right-of-way within the City shall prune the branches so that such branches shall not obstruct the light from any street lamp or obstruct the view of any street intersection or traffic control device, so that there shall be clear space of at least eight (8) feet above the surface of the sidewalk and twelve (12) feet above the surface of the street. The owner shall remove all dead, diseased or hazardous trees, or broken or decayed limbs, which constitute a menace to the safety of the public.”

Please provide us your information so we can contact you if we have questions about your concern:
