APPLICATION FOR STREET TREE PLANTING AND REMOVAL
BAKER CITY CODE CHAPTER 94

1. Property Owner Name/Email: _____

Street Address: _____

Mailing Address (if different than above): _____

City: _____ State: _____ Zip: _____ Phone: _____

2. Location of tree(s) requested to be: Removed Planted

3. Species of tree(s) to be: Removed Planted

4. If removing tree(s), reason for removal: _____

5. Are there any overhead power lines? No Yes

6. If removing, date you would like to remove tree(s)? _____

7. If removing tree(s), please describe the kind of tree(s) you plan to plant to replace the tree(s) you are proposing to remove (species, size and height at maturity):

Replacement trees are required to be planted during the spring or fall months directly following the tree removal.

If you are planting a tree, please attach a photo of the planting area or provide an illustration below. This illustration should include measurements of the planting area, the proposed distance between trees, the distance from the new tree to the driveway or corner (if applicable), etc.

Example:

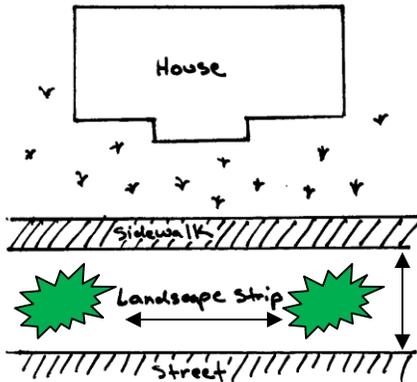

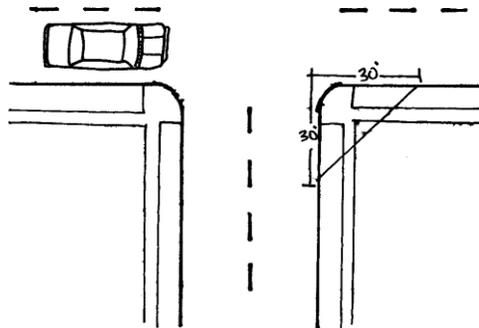

Illustration:

Please also consider the following code language regarding vision clearance (Section 3.1.200(N) of the Baker City Development Code: No visual obstruction (sign, structure, solid fence, or vegetation) between 2 feet and 8 feet in height shall be placed in the "vision clearance areas" on streets, driveways, alleys or mid-block lanes where no traffic control stop sign or signal is provided, as shown below.

The minimum vision clearance area may be modified by the City Engineer upon finding that less sight distance is required (due to traffic speeds, roadway alignment, etc.). This standard does not apply to light standards, utility poles, tree trunks and similar objects.
