## Baker City Proposed Budget FY 2025-2026

Mayor Daugherty, City Council, Members of the Budget Committee and Baker City Citizens

### Introduction

I am pleased to submit, for your review, the proposed Baker City Fiscal Year 2025-2026 Budget. The City Council approved the following goals earlier this year:

#### SHORT TERM GOALS (1-2 Years)

1. Finalize plans to fix known issues in the Fire Department, Finance, Public Works, and Community Engagement.
2. Prioritize near-term economic development initiatives and reduce bureaucracy in the development process.
3. Improve Baker City's financial position.
4. Establish agenda item "Future of Baker City" as a Council agenda item at least once per quarter.

#### MID TERM GOAL (3-5 Years)

Baker City will increase opportunities for its citizens and make the city an even more attractive community by encouraging the development of new business for skilled workers and making visible progress at improving the commercial corridors and city infrastructure.

#### LONG TERM GOAL (5+ Years)

Baker City will ensure that plans are in place for sustainable infrastructure lasting the next two decades or more while ensuring that the city is on track to have the right mix of jobs and community amenities.

Over the course of this year, the City Council and City Staff have collectively made progress in pursuit of these aims. I've outlined some of the progress below:

- The City is on track to fix known issues of 911 ambulance backup, water billing, outdated fire trucks, audit delays, and sustained communication. All of these issues have developed plans in place that have either been approved or are in the course of execution. All of them are due to be completed prior to July 2025, and they are on track.

- Baker City also established several efforts to address near-term economic development and reduce bureaucracy. Efforts include the ongoing development fee study through the University of Oregon, the Development Code update through the contract company Framework, and research into how to improve processes in the Planning, Building, and Public Works Departments. City Staff plans to start a more defined effort at analyzing business retention while researching new development opportunities, updating the City's marketing strategy, and analyzing the applicability of the Port of Morrow Anaerobic Digestion Plant.
- The City is also prioritizing efforts to improve the long-term health of the City's financial position. Completing the Transient Lodging Tax program transition will help provide additional revenue to the General Fund while enhancing tourism which provides greater opportunities for local businesses. The City is pursuing a new hire policy that will reduce personnel costs over the long term. And finally, the City has actively sought out many grant opportunities to help augment the need to fix some of its deferred maintenance.
- Lastly, Baker City decided to discuss mid- to long-term goals on a quarterly basis to ensure progress continues towards the City's objectives at the three-to-five-year point and beyond.

Plenty of challenges remain in the months and years ahead, but Baker City has a solid plan to achieve its goals and prepare the City for the future.

### **Overview of 2024-25 Budget Year**

The last budget year marked a positive transition point for Baker City. The Council's efforts over the last calendar year combined with cost-saving measures within City Staff provided the funds needed to stabilize the General Fund's immediate outlook. Revenue increases will start to plateau starting next budget year, so there is still a need to ensure that expenditures do not increase beyond expected annual revenue increases. Continuing cost-saving measures and establishing a new hire policy are the key efforts to ensure that our expenditure growth does not exceed revenue growth in the decade ahead.

#### *Revenue*

Related to City revenue, Baker City will end the current budget year at or ahead of revenue projections in all major funds. The General Fund will exceed revenue projections due to receiving TLT funds allowed to be spent on city services as well as a greater than expected increase in property taxes and the Idaho Power property tax settlement. Interest revenue remains high due to interest rates, and the franchise fee increases brought in more revenue than expected due to updating all the agreements ahead of schedule.

The Public Safety Fee went into effect at the very end of the last budget year which provided a needed source of revenue for the current budget year. Revenue from the PSF is \$502,589 through March of 2025, and it is projected to bring in a little over \$650,000. This money enabled us to augment Police and Fire Department salaries which are (combined) \$1,588,075 year-to-date.

The Street Fund is on track to exceed revenue forecasts due to slightly more revenue from the state gas tax than expected and more revenue from property taxes than expected (mostly due to the Idaho Power settlement which also benefited the Street Fund).

The Water Fund is on track to slightly exceed revenue projections in almost every revenue budget line. Water sales drive most of the revenue in the water fund and are projected to end the year a modest amount higher than forecasted which will help retain the capital needed for current and future capital projects.

The Wastewater Fund's position remains similar to the Water Fund. All the major budget lines will meet or slightly exceed projections. The largest revenue line (wastewater service charges) is projected to

exceed budgeted revenue by a modest amount. The City is waiting to determine the outcome of the new lagoon's issues, but we do not expect to have to draw the loan proceeds this current budget year.

### *Expenditures*

On the expenditure side of the equation, we are on track to finish the year less than budgeted in most departments within the General Fund. City Staff captured savings in several areas by getting rid of unnecessary and costly Microsoft licenses, switching to a new audit contract that is significantly cheaper, working with ALORA to have them cover 50% of golf course operation fund expenditures, and adjusting the Sam-O Swim contract to have the YMCA pick up a couple of the major annual expenses (WiFi and pool chemicals). All of these efforts as well as ensuring that departments spend funds judiciously have kept costs under control. Some budget lines will come in over budget, specifically building maintenance, property abatement, and contracted services. Building maintenance will be well over the budgeted amount due to the Council Chamber water damage. The vast majority of these additional expenditures will be covered by insurance, however. Property abatement is well over budget due to an increased emphasis on enforcing City code, and the contracted services budget line is over budget due to the payroll contract the City paid after the whole Finance Department turned over personnel. Both of these increases are offset by less than expected expenditures in other budget lines, so neither are a major concern.

Overall Street Fund, Water Fund, and Wastewater Fund expenditures are expected to come in below budget. There are some budget lines that will be over budget (similar to the General Fund), but no major concerns with any of these departments coming in over budget. In addition, capital expenditures for vehicles and equipment all will end the year at or under budget as well as the Marble Creek land purchase.

While the City was limited in terms of available staff hours to pursue grants, we still managed to receive multiple awards. The Leo Adler Foundation helped provide grant money for our fire truck purchase (\$76,835), a new vehicle for the Police Department (\$20,000), and the Golf Course irrigation project (\$40,000). The City received grant money from the FAA and the State of OR to continue design of our Airport Master Plan and to make needed repairs to taxiways (nearly \$400,000). We also gained further support from Baker County for the golf course irrigation project (\$150,000) and Geiser Pollman restroom (\$150,000). The Planning Department was awarded a grant from DLCD for \$51,500 and the Fire Department received another \$35,000 from the State of Oregon for wildfire staffing. Another significant grant was the Court Plaza project which received \$740,000 from the Oregon State Parks Local Government Grant Program (60% of the estimated cost). Last but not least, Baker City was awarded a Seismic Grant of \$2.4 million dollars from Business Oregon to upgrade our police station. We appreciate the generosity from so many sources which will help the City fund needed improvements and repairs!

Baker City is still waiting to hear the results of our Fire Department AFG grant application (awards will be late summer) and a significant Cybersecurity grant through the State of Oregon (award date TBD).

### **Overview of upcoming 2025-2026 Budget**

The focus for this budget year is to improve the City's financial position (Short-Term Goal 3), streamline processes (Short-Term Goal 2), and begin the process of making visible improvements to city infrastructure (Mid- and Long-Term Goals). The grants we received will help significantly with this effort, but there are deferred maintenance projects and capital improvements already budgeted in the General Fund, Street Fund, and Water/Wastewater Fund as well as some of the smaller funds. By the end of the upcoming budget year, the City should be able to point to several major projects that have improved city services which will be a great example of successful stewardship of tax dollars from city residents.

There are several other anticipated changes to both revenue and expenditures in most funds, and those items are covered in respective sections below.

- **General Ambulance Service:** the City budgeted \$5,000 in this General Fund revenue line for any ambulance revenue from acting as a 911 backup to Pioneer. This should begin sometime in late June or early July, but it is very difficult to assess how much revenue it will bring in until we test the concept for a few months.
- **FF Reimb – Wildfires:** this General Fund revenue line had revenue from the current budget year when a team of City firefighters went to the Cow Valley Fire and were reimbursed through state funds.
- **Transfer Fm TLT:** this General Fund revenue line is the money that the General Fund is able to receive now that the City has taken the TLT program back. Thirty percent of the total TLT revenue can be used for administration of the program and city services. Baker City is budgeting \$800,000 for overall TLT revenue, but we kept the General Fund revenue budgeted at a slightly lower rate in case TLT revenue came in under budget.
- **Transient Lodging Tax:** TLT revenue will all go to Fund 106 “Transient Lodging Fund.” Revenue comes from lodging operators charging the required TLT tax to customers and then passing the monthly revenue to the city. Thirty percent of whatever is collected in this fund will be transferred to the General Fund in accordance with the draft City ordinance and ORS statutes.

## REVENUE

General Fund revenue estimates included in the FY 2025-26 proposed budget are outlined as follows:

**Property Taxes** – Developing an accurate forecast for next year’s property tax revenue continues to be a challenge since revenue increases depend on existing and new property valuation. Because of this, the City factored in a 2% increase above projected year end numbers for this fiscal year.

**Interest** – the City continues to see increased revenue from interest due to higher than normal interest rates, however there is a potential for this rate to drop over the upcoming budget year, so we kept the interest rate lower than the projected rate for this year.

**Trust Transfers** – No major change.

**State Cigarette, Liquor Tax and State Revenue Sharing** – These revenues are based on profits from cigarette and liquor sales in Oregon as well as shared revenue with the state; the budgeted numbers are based on estimates provided by the League of Oregon Cities (LOC).

**Franchises** – Franchise revenues are based on actual receipts adjusted by any known franchisor rate increases or revenue trends. Franchise fees in the 2025-2026 proposed budget include the increase from 5% to 7% that the Council approved last year now that all agreements are updated.

**In Lieu of Franchise Fees** – No major changes in this revenue line due to water rates staying the same.

**Admin Indirect Fee** – The budgeted revenue amount increased slightly due to the new Community Development position and expenditures. Revenue generated from this fee is based both on the rate and on the budgeted expenditures in the Public Works and Building Department funds.

**School Resource Officer (SRO) Reimbursement** – School District 5J continues to agree to reimburse the City for 66.67% of the costs of the School Resource Officer.

**Public Safety Fee** – the City revised the budgeted amount downwards due to the differences in actual collection versus initial estimates.

**Transient Lodging Tax** – Explained above.

**EXPENDITURE**

Once again, the goal of this budget year was to keep expenditures in the General Fund less than total budgeted revenue. To accomplish this, we tracked total revenue (minus beginning fund balance) and total expenditures (minus operating contingency and ending fund balance). The chart below shows that we were able to keep General Fund revenue greater than expenditure, which will continue to be the goal in future budget years. The City is on track to successfully execute this model over the current budget year which has worked well.

Overall General Fund Expenditures are laid out below organized by Department. The middle column shows the 2025-26 budgeted amount, and the column on the far right captures the increase from last budget year to this budget year. Changes in expenditures will be discussed in the summary section of each Department’s budget.

**2025-2026 Baker City Budget Projection**

<b><u>Revenue</u></b>	<b><u>Budgeted Amount</u></b>	<b><u>Increase</u></b>	
101-100	\$7,382,424.00	3.90%	
<b><u>Department</u></b>	<b><u>Budgeted Amount</u></b>		
Admin	\$1,585,886.00	3.00%	Excludes operating contig & End FB
Police	\$3,050,910.00	2.60%	
Fire	\$1,916,077.00	2.90%	
Cemetery	\$221,443.00	7.50%	New contracts and deferred maint
Park	\$156,898.00	9.10%	New contracts and deferred maint
Airport	\$119,003.00	2.70%	
Planning	\$151,612.00	4.90%	Includes \$30K increase to County
Hydro	\$17,835.00	33.00%	Some expenses shifted from water
Community/Econ Dvlp	\$137,115.00	>100%	Salary for new position & activities
<b>Total Revenue</b>	<b>\$7,382,424.00</b>		
<b>Total Expenditure</b>	<b>\$7,356,779.00</b>		
<b>Difference</b>	<b>\$25,645.00</b>		

Specific expenditures and changes will be discussed during the budget board for the various funds and departments. Salaries reflect many of the increased expenditures. Non-rep employees will receive increases in accordance with the new Council guidance (from 1-5% based on performance).

Salary increases from union agreements are laid out below.

	<u>Police Union</u>	<u>Fire Union</u>	<u>AFSCME</u>
July 1, 2025 Salary Increase	2.7%	3%	TBD

**Conclusion**

Department Heads and other members of the City Staff invested a great deal of work into preparing next year's budget. We appreciate the support of the Budget Committee and the City Council. We hope you all see this as a great start to the discussion.

Your City Staff are available to answer any of your questions.

Sincerely,

Barry Murphy

## **City of Baker City** **Description of Funds, Fund Accounting and Fund Types**

The City has twenty-four funds for the 2025-26 budget year. Twenty-one of those funds are appropriated in the 2025-26 budget (100 Year Trust cannot be spent until 2089; the Wastewater Debt Reserve Fund cannot be spent until the wastewater debt has been paid in full; and the Sidewalk Utility Fund which will be abolished in 2025). A fund is defined as a self-balancing set of accounts used to record resources and requirements for specific activities and objectives.

The following explains the basis of budgeting used by each category of funds:

**Governmental Funds** - The City uses a basis of accounting for budget consistent with the governmental fund financial statements found in the City's audited financial statements which use the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within two months after the end of the current fiscal year. Property taxes, franchise taxes, intergovernmental revenues, ambulance revenue, licenses, grants, airport fuel taxes and interest associated with the current fiscal period are considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service is recorded only when payment is due and capital asset acquisitions are reported as expenditures.

**Proprietary Funds** – The City uses a basis of accounting for budget consistent with the basis found in the City's audited financial statements which use the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The City's funds are classified as follows:

### **General Fund (Governmental Fund)**

**Fund 101 (Major Fund)** - This is the City's primary operating fund. It accounts for all financial resources except those *required* to be accounted for in another fund. It accounts for the City's administration, police, fire, parks, cemetery, airport, planning, hydro and community and economic development.

### **Enterprise Funds (Proprietary Funds)**

The City has five enterprise funds which account for operations that are operated in a manner similar to private business enterprises where costs will be recovered through user charges.

**Fund 104 (Major Fund) - Water Utility Fund** – accounts for the operation and maintenance of the City's water service and distribution facilities.

## **Enterprise Funds (Proprietary Funds) - Continued**

**Fund 105 (Major Fund) - Wastewater Utility Fund** – accounts for the operation and maintenance of the City’s wastewater system including the collection lines and sewage treatment lagoons.

**Fund 123 (Non-Major Fund) - Golf Course Operations Fund** – accounts for the operation and maintenance of the City’s 18-hole golf course. *This fund is considered a major fund in the audited financial statements.*

**Fund 135 (Non-Major Fund) – Golf Course Capital Projects Fund** – accounts for the purchase of golf course equipment and for capital projects at the golf course. *This fund is consolidated with the Golf Course Operations Fund in the audited financial statements.*

**Fund 127 (Non-Major Fund) - Building Inspections Fund** – accounts for the operation of the City’s building inspections department. The City performs building inspection services both within the City and throughout Baker County. *This fund is considered a major fund in the audited financial statements.*

## **Internal Service Funds (Proprietary Funds)**

The City has two internal service funds which are used to account for the financing of goods and services provided by one department to another department of the City on a cost reimbursement basis.

**Fund 107 (Non-Major Fund) - Central Stores Fund** – accounts for public works inventory kept on hand to facilitate repairs and construction of City facilities and infrastructure.

**Fund 108 (Non-Major Fund) - Equipment and Vehicle Fund** – accounts for the acquisition, maintenance and operation of City owned public works vehicles and equipment.

## **Reserve Fund (Proprietary Funds)**

The City has one reserve fund which is mandated by DEQ loan covenants.

**Fund 136 (Major Fund) – Wastewater Debt Reserve Fund** – establishes a debt reserve fund required by DEQ loan covenants until the DEQ loan used to pay for the effluent disposal project and the wastewater storage expansion project has been paid in full.

## **Special Revenue Funds (Governmental Funds)**

The City has nine special revenue funds which account for specific revenues that are legally restricted to expenditures for particular purposes.

**Fund 102 (Major Fund) - State Tax Street Fund** – accounts for gas tax apportionments from the State of Oregon. These funds are designated by State law for use in maintenance of the City’s street system. It also accounts for property taxes allocated by the City to be used for maintenance and repair of the City’s street system.

**Fund 106 (Non-Major Fund) – Transient Lodging Tax Fund** – accounts for transient lodging tax revenue to be used for economic and community development. *This fund is considered a non-major fund in the audited financial statements.*

**Fund 110 (Non-Major Fund) - LID Repayment Fund** – accounts for the payments and outstanding balances of local improvement district receivables. *This fund is considered a non-major fund in the audited financial statements.*

**One Fund which Combines 162, 166, 171, 174, 175, and 179 (Major Fund) - State and Federal Grants Fund** – accounts for the receipt and disbursement of grant dollars.

**Fund 115 (Non-Major Fund) - Sam-O-Swim Maintenance Fund** – accounts for property tax monies allocated by the City (temporary tax levy made permanent by Measure 50) and collected for the maintenance of the City’s swimming pool.

**Fund 116 (Non-Major Fund) - John Schmitz Memorial Trust Fund** – accounts for monies left to the City by the late John Schmitz. His will designated these monies be used for cemetery maintenance. Interest earnings from this fund are transferred to the General Fund for cemetery maintenance.

**Fund 129 (Non-Major Fund) - Tree City Fund** – accounts for sidewalk variance fees and OTEC vouchers designated for street tree planting. The Tree Board approves tree projects.

**Fund 130 (Non-Major Fund) – Sidewalk Utility Fund** – accounts for funds originally created by Ordinance 3284 and renewed by Ordinance 3318. Ordinance 3284 and Ordinance 3318 have both been repealed the funds have been expended and this fund will be abolished in 2024.

**Fund 134 (Non-Major Fund) – Playground and Park Improvements** – accounts for park improvements, park equipment and playground equipment at the City’s various parks.

**Fund 177 (Non-Major Fund) – Elkhorn View Industrial Park Economic and Community Development Fund** – accounts for the proceeds from the sale of Elkhorn View Industrial Park land which is restricted by Resolution 3823 to be used for economic and community development projects in the City of Baker City.

### **Capital Projects Fund (Governmental Fund)**

The City has two capital projects funds which account for the acquisition and construction of major capital facilities other than those financed by Proprietary Funds (Enterprise and Internal Service).

**Fund 109 (Non-Major Fund) – General Fund Capital Projects Fund** – accounts for capital projects and improvements for the General Fund.

**Fund 112 (Non-Major Fund) - Fire Equipment Reserve Fund** – accounts for the acquisition of major pieces of firefighting or EMS equipment.

### **Permanent Funds (Governmental Funds)**

The City has three permanent funds which are used to report resources that are legally restricted to the extent that only earnings, not principal, may be used for purposes that support the reporting government’s programs.

**Fund 114 (Non-Major Fund) - Mt. Hope Trust Fund** – by City Ordinance the principal may not be expended but the interest earned on the corpus is transferred to the General Fund to be used for cemetery maintenance.

**Fund 113 (Non-Major Fund) - One Hundred Year Trust (2089)** – an investment account started with donations in 1989 which will accumulate interest to fund a community celebration and build a public amenity in 2089 as well as provide seed money for another one-hundred-year trust.

**Fund 131 (Non-Major Fund) - Anthony Silvers Street Tree Trust** – created by a bequest from Anthony Silvers the principal can never be expended but the interest earned on the corpus is to be used solely for the purpose of the planting and/or replanting of street trees within the City of Baker City.

### **BAKER CITY GOALS: 2025**

#### **Short-Term Goals (1-2 Years)**

1. Finalize plans to fix known issues in the Fire Department, Finance, Public Works, and Community Engagement.
  - a. Finalize ambulance transport initiative by June 2025.
  - b. Finalize purchase plan for new fire truck by June 2025.
  - c. Perform audit of vehicles in Fire Department to assess need by September 2025.
  - d. Switch water billing to actual usage by April 2025.
  - e. Finish 2023-24 audit by June 2025 and 2024-25 audit by end of December 2025.
  - f. Begin sustained city communication to the public by March 2025.
  - g. Start Baker City Downtown Main Street & parking working group by April 2025.
  - h. Ensure that US Forest Service completes the Watershed Fuels Reduction Project decision by June 2025.
2. Prioritize near-term economic development initiatives and reduce bureaucracy in the development process.
  - a. Work with Baker City Downtown and Chamber of Commerce to identify potential issues with business retention by October 2025.
  - b. Maintain progress on attracting a new hotel to Baker City.
  - c. Reduce bureaucracy and streamline the new development process.
    - i. Finish fee study and development code update by February 2026.
    - ii. Research ways to make development process more efficient through the summer of 2025.
    - iii. Establish new process before the summer of 2026.
  - d. Explore new ways to market Baker City through partnership with BCD, Chamber of Commerce, and Travel Baker County by December 2025.
  - e. Discuss the applicability of the Port of Morrow anaerobic digestion wastewater treatment to Baker City by September 2025.
3. Improve Baker City's financial position.
  - a. Complete TLT plan by June 2025.
  - b. Establish a new hire policy by July 2025.
  - c. Continue efforts to earn additional grant funds and state/federal capital requests.
4. Establish agenda item "Future of Baker City" as an agenda item at least once per quarter.
  - a. "Future of Baker City" topics will ensure the Council remains focused on mid-term and long-term goals, and will center on the following topics:
    - Reduce Bureaucracy
    - Sustainable Long-Term Personnel Costs
